The patent term adjustment to date is 0 days. If the issue fee is paid on the date that is three months after the mailing date of this notice and the patent issues on the Tuesday before the date that is 28 weeks (six and a half months) after the mailing date of this notice, the term adjustment will be 0 days.

If a continued prosecution application (CPA) was filed in the above-identified application, the filing date that determines patent term adjustment is the filing date of the most recent CPA.

Applicant will be able to obtain more detailed information by accessing the Patent Application Information Retrieval (PAIR) system. (http://pair.uspto.gov)

Notice of Possible Fee Increase on October 1, 2002

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2002, then the amount due may be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there may be an increase in fees effective on October 1, 2002. See Revision of Patent and Trademark Fees for Fiscal Year 2003: Notice of Proposed Rulemaking, 67 Fed. Reg. 30634, 30636 (May 7, 2002). Although a change to the amount of the publication fee is not currently proposed for October 2002, if the issue fee or publication fee is to be paid on or after October 1, 2002, applicant should check the USPTO web site for the current fees before submitting the payment. The USPTO Internet address for the fee schedule is: http://www.uspto.gov/main/howtofees.htm.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of any fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after October 1, 2002 (or mailed with a certificate of mailing on or after October 1, 2002), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Claims 1-4 and 5-16 are pending in the instant application, claim 5 has been canceled in the amendment of 5/15/02.

Page 2

The following is an examiner's statement of reasons for allowance: the response and amendment of 5/15/02 is persuasive. The instant application claims a process for the purification of phosphatidylserines of the formula I by the extraction of the phosphatides in a hydrocarbon solvent with a mixture of water and a polar organic solvent, where the hydrocarbon is selected from toluene, xylene, heptane, hexane, and cyclohexane, and the polar organic solvent is an alcohol. The prior art reference, De Ferra et al, USPN 5700668, teaches a process for the production of phophatidylserines from phophatidylcholines via trans-esterification reaction and the purification of the phophatidylserine in toluene solution, which is separated from an aqueous phase and then reduced and dissolved in heptane and methanol. The prior art does not teach or suggest that the purification process is carried out in a triphasic system, e.g. hydrocarbon solvent, alcohol, and water, and in fact teaches away from this since the phosphatidylserine/toluene is removed from aqueous media prior to extraction with an alcohol solvent. Further, the instant examples indicate a significant reduction in the amount of serine(free) present in the purified product. Claims 1-4, and 6-16 are allowed and are renumbered as 1-4, and 5-15 respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
